Regular Cleaning and Inspection

Keeping your scooter clean not only makes it look better but also helps you spot potential issues early on. Regularly wash your scooter, paying attention to areas prone to rust or corrosion. While cleaning, inspect for loose bolts, damaged parts, or leaks.

Understanding Your 50cc Engine

A 50cc engine is designed for efficiency and ease of use. It's crucial to understand its limitations. Avoid redlining the engine for extended periods, as this can lead to premature wear. Consistent, gentle acceleration is best for longevity. Regular oil changes are paramount for these smaller engines that work hard to deliver their power.

Tire Care is Safety Care

The tires are your only contact with the road. Always ensure they are properly inflated to the pressure specified in the Keeway Matrix 50 owner's manual. Check for wear and tear, and replace them when the tread becomes shallow. Properly inflated tires improve fuel efficiency and handling.

Brake Responsibly

The brakes on your Keeway Matrix 50 are essential for safety. Regularly check the brake fluid level and the thickness of the brake pads. If you notice any sponginess in the brake lever or hear grinding noises, have them inspected immediately. Learn to use both brakes together for optimal stopping power.
