These priorities aim to ensure that students develop a deeper understanding of significant contemporary issues and global contexts. These are:

1. **Aboriginal and Torres Strait Islander Histories and Cultures:** This priority promotes learning about the histories, cultures, and achievements of Aboriginal and Torres Strait Islander peoples. It encourages respectful engagement and understanding of their ongoing significance to Australia.
2. **Asia and Australia's Engagement with Asia:** This priority focuses on developing students' understanding of the diverse cultures and histories of the Asia region and Australia's place within it. It fosters intercultural competence and prepares students for engagement with Asia.
3. **Sustainability:** This priority addresses the environmental, social, and economic dimensions of sustainability. It aims to equip students with the knowledge, skills, and values to live sustainably and contribute to a more sustainable future.
